

Students interested in transferring to the American University of Armenia should submit this form along with an Application for Admission. If admitted, transfer students will receive a Transfer Credit Evaluation (TCE) which indicates the courses and/or international standardized exam results (e.g. from International Baccalaureate programs, Araratian Baccalaureate programs, with Advanced Placement exam scores) accepted for transfer to the American University of Armenia. The academic department to which a student is accepted will complete a course-by-course evaluation of transfer credits. The registrar notes approved transfer credits on the student's academic transcript.

For detailed information on general approval guidelines, you are strongly encouraged to read the full Transfer Credit policy at policies.aua.am/policy/126.

TRANSCRIPT: In order for your Transfer Application Supplement to be complete, upload the scans of your official transcript(s) for all colleges and universities you have attended. The transcript must include all courses you have requested to transfer credit to AUA in your Application for Admission. In addition, you must submit an official document (transcript or official score report) detailing any international standardized exam results (e.g. from International Baccalaureate programs, Araratian Baccalaureate programs, with Advanced Placement exam scores) you would like considered for transfer credit. Official copies must bear the official stamp or seal of the institution as well as the signature of the appropriate official.
